Independent Auditors' Report

Members of the Warren County Board Warren County, Illinois Monmouth, Illinois

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Warren County, Illinois, as of and for the year ended November 30, 2005, which collectively comprise Warren County, Illinois basic financial statements as listed in the table of contents. These financial statements are the responsibility of Warren County, Illinois, management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Warren County, Illinois, as of November 30, 2005, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 20, 2006, on our consideration of the Warren County', Illinois internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

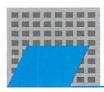

The management's discussion and analysis on pages 4 through 4.6, and budgetary comparison schedules and supplementary pension information on pages 25 through 31, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Warren County, Illinois basic financial statements. The combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statement taken as a whole.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Warren County, Illinois Monmouth, Illinois

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Warren County, Illinois, as of and for the year ended November 30, 2005, which collectively comprise the Warren County, Illinois' basic financial statements and have issued our report thereon dated January 20, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Warren County, Illinois' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Warren County, Illinois' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, Board of Trustees, and federal awarding agencies and pass-through entities, is not intended to be, and should not be used by anyone other than these specified parties.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The discussion and analysis of the Warren County, Illinois' financial performance provides an overview of the County's financial activities for the fiscal year ended November 30, 2005. The MD&A should be read in conjunction with the accompanying basic financial statements and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2005 are as follows:

- The assets of the County exceeded its liabilities at the close of the year ended November 30, 2005, by \$6,926,072 (net assets). Of this amount \$4,293,683 (unrestricted net assets) may be used to meet the County's ongoing obligations to citizens and creditors, \$266,948 is restricted for specific purposes (restricted net assets) and \$2,365,441 is invested in capital assets.
- The County's total net assets this fiscal year increased \$358,095 over the previous year, which represents a 5.5% increase from 2004.
- At the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$4,560,631. Of this amount, \$4,293,683 (unreserved fund balance) is available for spending on County purposes.
- At the end of the current fiscal year, unreserved fund balance for the general fund was \$574,874 or 20.7% of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statement, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

The Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to private sector business. They present the financial picture of the County from an economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the County (including infrastructure) as well as all liabilities (including long-term debt). Additionally, certain eliminations have occurred as prescribed by GASB Statement No. 34 in regards to interfund activity, payables and receivables.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Increases or decreases in net assets contrasted with budgetary decisions should serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows.* Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., earned by unused vacation leave).

The County-wide financial statements can be found on pages 5 and 6 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities, or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statement. Unlike the government-wide financial statements, however, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because of the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between *government fund and governmental activities*.

The County maintains thirty-two individual governmental funds (excluding fiduciary funds), thirty-one special revenue funds and the General Fund. Information is presented separately in the governmental fund balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, County Highway Fund, and Special Bridge Fund which are classified as major funds. Data from the other nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 7 - 10 of this report.

Fiduciary fund. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The County's fiduciary activities are reported in a separate Statement of Fiduciary Assets and Liabilities. These activities are excluded from the County's other financial statements since the County cannot use these assets to finance its operations.

The fiduciary fund financial statement can be found on page 11 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The Notes to the Financial Statements can be found on pages 12 – 24 of this report.

Required Supplementary Information is presented concerning the County's General Fund, Special Bridge Fund, County Highway Fund and Highway Matching Fund budgetary schedules, the IMRF (Illinois Municipal Retirement Fund- non Sheriff's Law Enforcement Personnel), and SLEP (Sheriff's Law Enforcement Personnel) pension schedules. The County adopts an annual appropriated budget during the year for General Fund, Special Bridge Fund, County Highway Fund, and Highway Matching Fund. A budgetary comparison schedule has been provided to for these funds to demonstrate compliance with this budget. The IMRF and SLEP pension schedules have been provided to present IMRF's progress in funding its obligation to provide pension benefits to County employees.

Required supplementary information can be found on pages 25 – 31of this report.

Combining and individual fund statement and schedules referred to earlier provide information for major and nonmajor governmental funds are presented immediately following the required supplementary information.

Combining and individual fund statements and schedules can be found on pages 32 – 63of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Assets. The following table reflects the condensed statement of net assets. As noted earlier, net asset may over time serve as a useful indicator to the County's financial position. The County's combined net assets are \$6,926,072 an increase of \$373,320 over the previous year. The growth is mainly due to an increase in capital assets, specifically infrastructure and equipment.

Current and other assets consist mainly of cash, investments, intergovernmental receivables (sales tax, income tax, etc.), interest receivable and prepaid items. Current and other assets decreased because cash and investment balances in some transportation fund were spent on highway and bridge projects.

Capital assets include land and land improvements, buildings and improvements, fixtures and equipment and highway infrastructure such as roads and bridges. Changes in capital assets will be discussed below in the Capital Asset section.

The Statement of Activities can be found on page 6 of this report.

FINANCIAL ANALYSIS OF GOVERNMENT FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting and budget controls has been the framework of the County's fiscal management and accountability.

Governmental funds. The general government functions are reported in the General and Special Revenue Funds. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's annual financing and budgeting requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Revenues. The most significant revenue sources for all governmental funds during fiscal year 2005 continue to be property taxes and intergovernmental sources. Property taxes increased \$21,614 over fiscal year 2004. The \$152,987 decrease in fees and fines is due to County Highway Fund fees decreasing \$194,664 over fiscal year 2004, primarily from decreased non-county highway work fees. The \$7,114 decrease in license and permit is due to a decrease in zoning permits. The \$22,913 increase in interest is due to an increase in interest rate during the fiscal year 2005.

The following table presents the amount of revenues from various sources as well as increases or decreases from the prior year.

Governmental Funds--Revenues Classified by Source

| | FY 2005 | FY 2005 FY 2004 Increase (Decrease) | | |
|----------------------------|-------------|-------------------------------------|--------------|---------|
| Revenues by Source | | | | |
| Property taxes | \$1,958,982 | \$ 1,937,368 | \$ 21,614 | 1.12% |
| Licenses and permits | 3,652 | 10,766 | (7,114) | -66.08% |
| Fees and fines | 974,191 | 1,127,178 | (152,987) | -13.57% |
| Rents | 32,858 | 32,312 | 546 | 1.69% |
| Intergovernmental revenues | 2,346,889 | 2,346,017 | 872 | 0.04% |
| Penalties and costs | 52,562 | 97,029 | (44,467) | -45.83% |
| Interest | 106,210 | 83,297 | 22,913 | 27.51% |
| Miscellaneous | 99,298 | 100,692 | (1,394) | -1.38% |
| Total | \$5,574,642 | \$ 5,734,659 | \$ (160,017) | -2.79% |

Expenditures. Personnel services remain the highest expenditure in County operations. Government services require personal services to provide both services and information to the citizens of the County. Benefit payments (pension, social security and health insurance) remain a significant portion of the total personnel services costs. Transportation expenditures decreased \$255,105 primarily due to highway matching fund bridge project in 2005 classify as infrastructure capital outlay. The decrease in social services is due to the reclassification of the Warren Achievement Center Fund to an Agency Fund type in 2005 and reclassification of Extension Education Fund expenditures from general government function to social services function. The change in capital assets is discussed in the capital asset section below.

The following table presents expenditures by function compared to prior year amounts.

Expenditures by Function--Governmental Funds

| | FY 2005 | FY 2004 | Increase (Decrease) | Percentage of Change |
|--------------------------|-------------|--------------|------------------------|----------------------|
| Expenditures by Function | | | | |
| General government | \$1,773,511 | \$ 1,812,248 | \$ (38,737) | 26.28% |
| Judiciary and legal | 623,232 | 585,394 | 37,838 | -21.06% |
| Public safety | 526,331 | 488,692 | 37,639 | -15.41% |
| Transporation | 1,265,128 | 1,520,233 | (255, 105) | 28.89% |
| Corrections | 483,541 | 448,672 | 34,869 | 73.38% |
| Social services | 444,632 | 577,437 | (132,805) | -33.92% |
| Capital outlays | 781,326 | 124,059 | 657,267 | 100.00% |
| Total | \$5,897,701 | \$ 5,556,735 | \$ 340,966 | 9.68% |

BUDGETARY HIGHLIGHTS

Budget and actual comparison schedules are provided in the Basic Financial Statements for the General Fund and all major special revenue funds. Budget and actual comparison schedules are also provided in the Combining and Individual Fund Statements and Schedules for all nonmajor funds with annually appropriated budgets. The budget and actual comparison schedules show the original adopted budgets, the final revised budget, actual results, and variance between the final budget and actual results for the general and major special revenue funds.

The General Fund budget comparison shows a \$322,072 increase in intergovernmental revenues due to the County under estimating the intergovernmental revenues for the fiscal year ended 2005. There were no other significant budget variances noted in the General Fund.

CAPITAL ASSET ADMINISTRATION

The County's investment in capital assets for its governmental as of November 30, 2005, totals \$2,365,441 (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, buildings and improvements, machinery and equipment, and vehicles. The County has not retroactively restated infrastructure assets acquired prior to December 31, 2003.

Capital assets, net of accumulated depreciation, increased \$681,154 in 2005. The increase is primarily attributable to the completion of the Cork Street Bridge (\$489,861) and Smithshire Bridge (\$169,833) infrastructure projects. In addition, the Highway Department purchased dump truck for \$97,700 during the fiscal year 2005.

Capital Assets

| Vehicles | | 185,218 | 97,086 | | 88,132 |
| Total | _\$_ | 2,365,442 | \$ 1,684,287 | \$_ | 681,155 |

Additional information on the County's capital assets can be found in Note 9 of this report.

CURRENT ISSUES

Concern over the shared revenue trends from the State of Illinois for sales tax, income tax and motor fuel tax continue to complicate funding of vital services. This is compounded with the increase in personal exemptions on real estate and the continued devaluation in farm land.

On going union negotiations could significantly impact this years wage cost. Health insurance reneal costs and future retirement costs are also a concern

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the County Treasurer at 100 West Broadway, Monmouth, Illinois 61462.

NOTES TO FINANCIAL STATEMENTS November 30, 2005

Note 1 - Summary of Significant Accounting Policies

Warren County, Illinois (the "County") is a political subdivision of the State of Illinois. The County's powers are exercised through a board of supervisors, which is the governing body of the County. The County provides a broad range of services as authorized by statutes of the State of Illinois: general government (e.g. tax collection), judicial (e.g. courts, juries, district attorney, etc), public safety (e.g. sheriff, etc.), highways, road and bridges, correction (e.g. jail, adult and juvenile probation, etc.), and social services (assistance to indigents, ambulance service, mental health, etc.). The primary function of the Board is to establish the various budgets for the County funds and to levy taxes for County purposes. In addition, the Board adopts ordinances and rules pertaining to the management and operations of County departments.

The accounting and reporting policies of the County reflected in the accompanying financial statements have been prepared in conformity with generally accepted accounting principles ("GAAP") as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental and financial reporting principles. The following is a summary of the more significant accounting policies.

A. Reporting Entity

The County has adopted the provisions of GASB No. 14, "The Financial Reporting Entity" under which these financial statements include all organizations, activities, functions, funds and component units for which the County is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the County's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the County. Pursuant to this criterion, no component units were identified for inclusion in the accompanying financial statements.

B. Basis of Presentation

The governmental-wide financial statements include the statement of net assets and the statements of activities. Government-wide statements report, except for the County fiduciary activity, information on all of the activities of the County. The effect of interfund transfers has been removed from the government-wide statements. Governmental activities are supported mainly by taxes and intergovernmental revenues. The statement of activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or activity and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues, which are not classified as program revenues, are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each government function is self-financing or draws from the general revenues of the County.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 1 - Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Separate fund financial statements are provided for governmental funds and fiduciary funds even though the later are excluded from the government-wide financial statements. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise it assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. The emphasis of fund financial statements is on major governmental funds. The General Fund, Special Bridge Fund, Highway Matching Fund, and County Highway Fund meet criteria as major governmental funds. All remaining governmental funds are aggregated and presented as nonmajor funds. The combined amounts for these funds are reflected in a single column in the fund financial statements. Detailed combining statements for nonmajor funds are presented in the supplementary information section.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or noncurrent) are included on the balance sheet and the operating statements present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized when earned, if measurable, and expenses are recognized as incurred, regardless of the timing of related cash flows.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

The County has reported three categories of program revenues in the statement of activities (1) charges for services, (2) program-specific operating grants and contributions, and (3) program-specific capital grants and contributions. Program revenues are derived directly from the program itself or from external sources, such as the State of Illinois; they reduce the net cost of each function to be financed from the County's general revenues. For identifying the function to which program revenue pertains, the determining factor for charges for services is which function generates the revenue. For grants and contributions, the determining factor is the function to which the revenues are restricted.

Eliminations have been made in the statement of net assets to remove the "gross-up" effect on assets and liabilities within the governmental activities column for amounts reported in the individual funds as interfund receivables and payables and advances. Similarly, transfers between funds have been eliminated in the statement of activities except for services provided and used. Amounts reported in governmental as receivable from or payable to fiduciary funds have been reclassified in the statement of net assets as accounts receivable or payable to external parties.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 1 - Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, however debt expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

When an expenditure/expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the County's policy to apply restricted resources first, then unrestricted resources as needed.

Differences occur from the manner in which the governmental activities and the county-wide financial statements are prepared due to the inclusion of capital assets. Governmental fund statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the county-wide statements and the statements for governmental funds.

The County reports the following major governmental funds:

The **General Fund** is the government's primary operating fund and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

The Special Bridge Fund accounts for property taxes and other revenues to be used for County bridge maintenance.

The Highway Matching Fund accounts for revenues to be used for County highway and bridge projects.

The County Highway Fund accounts for property taxes and other revenues to be used for County highway maintenance.

Fiduciary Funds: The County's fiduciary funds are Agency Funds. Agency Funds are used to account for assets – almost exclusively cash and investments – held by the County in a trustee capacity or as an agent for other governmental units, private organizations and /or individuals. A majority of agency funds are maintained for fiduciary functions of the Circuit Clerk, Judicial, Sheriff, and Collector's Offices.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 1 - Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

Governmental Funds: In addition to the general fund type mentioned above. The County uses the following governmental fund types:

<u>Special Revenue Funds</u>: Special Revenue Funds are used to account for the proceeds of specific revenue sources requiring separate accounting because of legal or regulatory provisions or administrative action.

<u>Permanent Fund:</u> The County's permanent fund, the Working Cash Fund, accounts for resources that are legally restricted to the extent that only the earnings, not principal, may be used for purposes that support the County.

D. Budgetary Data

The County follows the following procedures in establishing the budgetary data reflected in the combined financial statements. (1) At a regular or special call meeting of the County Board in Odober or early November, the County Treasurer submits a proposed budget for the fiscal year commencing on the following December 1. The budget includes proposed expenditures and the means of financing them. (2) The budget is available for public inspection for at least 15 days prior to passage by the County Board. (3) During October or early November, the budget is legally enacted through passage of an appropriation ordinance. (4) Transfers of budgeted amounts between departments or among funds, or any budget increases by means of emergency or supplemental appropriations, require approval of the County Board. The legal level of budgetary control on which expenditures may not exceed appropriations is the total department level for the General Fund and the total fund level for the other funds. Budgets were adopted for all governmental funds except the Law Library Fund and Working Cash Fund. Additionally, the County budgets the activity of the Township Motor Fuel Tax Fund, Township Bridge Fund, STD Testing Fund and Indemnity Fund. (4) Unexpended appropriations lapse at the end of each fiscal year and encumbrance accounting is not in use. (5) Budgets are adopted on the cash basis of accounting. (6) The fiscal year 2005 budget was passed by resolution on November 17, 2004. The appropriation ordinance establishes the County's legal spending limit.

E. Assets, Liabilities and Net Assets or Equity

1. Cash and Equivalents

Cash and equivalents are composed of cash on hand, checking accounts, savings accounts and certificates of deposit with original maturities of three months or less.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 1 - Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Net Assets or Equity (Continued)

2 Investments

The County's investments represent amounts invested in money market accounts and certificates of deposits with original maturities of more than three months. The County's Treasurer pools certain cash and investments of the County, excluding those funds accounted by separate officials and those funds required or benefiting by separate investment. This gives the County the ability to maximize its yield on the short-term investment of cash. Interest carned on pooled investments is allocated monthly to the participating funds based on a promate share if units owned by that fund to the total units outstanding.

3. Interfund Borrowing

During the course of operations, transactions occur between individual funds for goods or services rendered. Those short-term payables and receivables are classified as "due from other funds" or "due to other funds" on the Governmental Fund balance sheets.

4. Capital Assets

Capital assets, which include land, building and improvements, equipment and infrastructure assets (e.g. roads and bridges) are reported in the government-wide financial statements. Capital assets are defined by the County's capitalization policy. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized. Capital assets except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives.

| <u>Assets</u> | <u>Years</u> |
|--------------------------------|----------------|
| Buildings and improvements | 20 - 50 |
| Roadways, bridges and culverts | 15 - 50 |
| Traffic signal and signage | 10 - 20 |
| General equipment | 7 -10 |
| Vehicles | 5 |
| Computer equipment | 5 |

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 1 - Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities and Net Assets or Equity (Continued)

5. Compensated Absences

The County provides vacation and sick leave benefits for its employees. Employees accumulate vacation leave based on the number of years of service. Unused vacation leave must be used prior to the employee anniversary date. As of November 31, 2005 there were no material amounts of vacation payable. Sick leave is accumulated at the rate of one and half days per month and may not accumulate more than 60 sick days. Sick days do not vest.

6. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose.

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

7. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Cash and Investments

Statutes authorize the County to make deposits and investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to purchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds

The County's cash and investments are classified into deposits and investments and other, based upon their nature. Within each classification, the balances are further categorized by the risk of element assumed as described below:

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 2 - Cash and Investments (Continued)

Deposits

As of November 30, 2005, the carrying amounts of the County's bank deposits were \$3,402,158 and the respective bank balances were \$5,581,701. The bank balance in financial institutions is categorized as follows:

| Bank <u>Balance</u> | | 1 | Category 2 | 3 | Carrying Amount | |
|------------------------|--------------|------------|--------------|------|------------------|--|
| Deposits | \$ 5,581,701 | \$ 614,498 | \$ 4,967,203 | \$ - | \$ 3,402,158 | |

The three preceding risk description categories are defined as follows:

| Category | <u>Description</u> |
|----------|--|
| 1 | Securities that are insured or registered or the securities are held by the County or its agent in the County's name. |
| 2 | Uninsured and unregistered, with the securities held by the counterparty's trust department or agent in the County's name. |
| 3 | Uninsured and unregistered, with the securities held by the counterparty, or by its tust department or agent but not in the County's name. |

<u>Investments</u>

At November 30, 2005, the County has \$2,257,054 on deposit with the Illinois Funds – Money Market Fund. The Comptroller and the State of Illinois regulate these deposits.

Other Cash:

The County also had \$90 of cash on hand at November 30, 2005.

Reconciliation of notes to financial statements:

| Cash - book value of deposits per note above Investments - Illinois Funds per note above Cash on hand - per note above | \$ 3,402,158 2,257,054 90 |
|--|---------------------------------|
| Total | \$ 5,659,302 |
| Cash and investments per Statement of Net Assets | \$ 4,544,729 |
| Cash and investments per Statement of Fiduciary Net Assets | 1,114,573 |
| Total | \$ 5,659,302 |

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 3 - Property Taxes

The property taxes representing the 2004 tax levy amounts have been collected and distributed as of November 30, 2005. Distributions of the 2004 levy to the County funds and other taxing bodies were made on July 1, 2005 and September 9, 2005, with the third and final distribution made on November 19, 2005. Property taxes are due and collectible in June and September of the fiscal year following the December 31 tax levy. Property taxes for the 2004 tax levy attach as an enforceable lien on January 1, 2004, on property values assessed as of the same date. Delinquent property taxes are recognized as revenue only as they are collected.

Note 4-Interfund Receivables and Payables

The composition of interfund balances as of November 30, 2005:

| Receivable Fund | Payable Fund | A | <u>mount</u> |
|-----------------------------|--------------|----|--------------|
| Nonmajor governmental funds | General fund | \$ | 9,818 |

Note 5--Budgets, Over-expenditures, and Deficits

Certain funds of the County had expenditures for the year ended November 30, 2005, which were in excess of the appropriations. These funds and the amount of the over-expenditures are as follows:

| <u>Fund</u> | | propriations | Ex | penditures | Over expenditure | | |
|---------------------------------|----|--------------|----|------------------------|------------------|-----------|--|
| County Motor Fuel Tax | \$ | 455,000 | \$ | 523,710 | \$ | (68,710) | |
| Matching Tax Fund | | 320,000 | | 613,753 | | (293,753) | |
| County Highway Fund | | 651,800 | | 660,799 | | (8,999) | |
| Special Bridge Fund | | 173,000 | | 203,433 | | (30,433) | |
| Animal Control Fund | | 31,930 | | 33 ,2 93 | | (1,363) | |
| Workmans Compensation Ins. Fund | | 94,000 | | 100,962 | | (6,962) | |
| Unemployment Tax Fund | | 12,500 | | 12,950 | | (450) | |
| Probation Services Fund | | 10,000 | | 10,736 | | (736) | |
| Township MFT Fund | | 1,108,000 | | 1,199,004 | | (91,004) | |
| | \$ | 2,856,230 | \$ | 3,358,640 | \$ | (502,410) | |

As of November 30, 2005, no deficit was reported in the fund balance of an individual fund.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 6--Operating Leases

As of November 30, 2005, the County has an operating lease for office equipment as follows:

| | | | Monthly Rental | Annual Rental |
|---------------|-------------------|---------------------------|-------------------|------------------|
| Lessor | Description | Lease Term | Payment | Obligation |
| Mantron, Inc. | Computer software | 6/25/2003 to 6/24/2006 | N/A | \$ 32,335 |

Note 7--Pension and Retirement Plan Commitments

A. Plan Description

The County's defined benefit pension plan, Illinois Municipal Retirement (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly.

IMRF issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.imrf.org/pubs/pubs-homepage.htm or by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Employees participating in IMRF are required to contribute 4.50% of their annual covered salary. The member rate is established by state statute. County is required to contribute at an actuarially determined rate. The employer rate for calendar year 2004 was 10.44% of payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis (overfunded liability amortized on open basis). The amortization period at December 31, 2004 was 28 years.

For December 31, 2004, the County's **annual pension cost** of \$127,614 was equal to County's required and actual contributions. The required contribution was determined as part of the December 31, 2002 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 11.6% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The assumptions used for the 2004 actuarial valuation were based on the 1999-2001 experience study.

Note 8--Pension and Retirement Fund Commitments - Sheriff's Law Enforcement Personnel (SLEP)

A. Plan Description

The County's defined pension plan, Illinois Municipal Retirement (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly.

IMRF issues a financial report that includes financial statements and required supplementary information. The report may be obtained at www.imrf.org/pubs/pubs/pubs/bomepage.htm or by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

B. Funding Policy

Employees participating in IMRF are required to contribute 6.50% of their annual covered salary. The member rate is established by state statute. The County is required to contribute at an actuarially determined rate. The employer rate for calendar year 2004 was 6.77% of payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis (overfunded liability amortized an open basis). The amortization period at December 31, 2004, was 10 years.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 8 – Pension and Retirement Fund Commitments – Sheriff's Law Enforcement Personnel (SLEP) (Continued)

For December 31, 2004, the County's **annual pension cost** of \$39,775 was equal to the County's required and actual contributions. The required contribution was determined as part of the December 31, 2002 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 11.6% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the

market value of investments over a five-year period. The assumptions used for the 2004 actuarial valuation were based on the 1999-2001 experience study.

|--|---|
| | \$ 107,317 |

Note 10-Risk Management

The County is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses, natural disasters; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters.

NOTES TO FINANCIAL STATEMENTS (Continued) November 30, 2005

Note 11—Contingent Liabilities

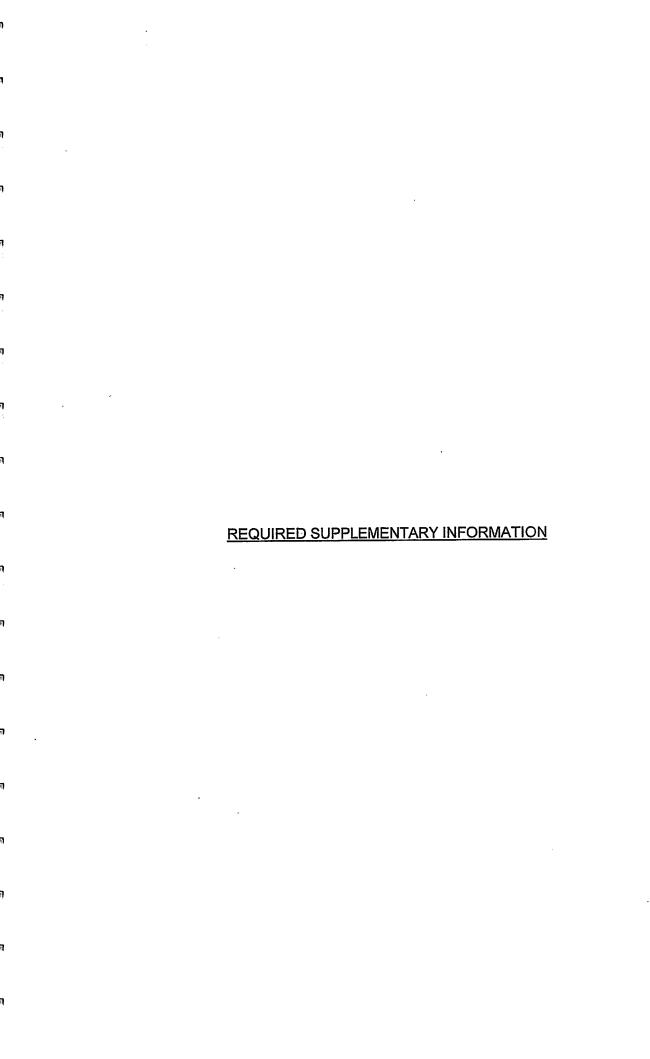

Property Tax Appeals

The County currently has various property tax appeals pending in front of the Property Tax Appeal Board. The outcome of these appeals is uncertain at this time. In the event the County does not prevail, property taxes collected from these property owners would need to be refunded.

Note 12—Commitments

The County enters into the various agreements in November, 2005, for services (election, animal control, general repair of county property, indigent and juvenile legal services, etc.) that cover the upcoming fiscal year ending November 30, 2006.

The County entered into a agreement with Galesburg Hospital Ambulance Service for providing ambulance services within the boundaries of the County. The term of the agreements is for the period December 1, 2001 through November 30, 2006. The annual fee for the first two years of the agreement is \$120,000, \$126,000 commencing the third year of the agreement and good faith negotiations on the amount for year four and five of the agreement. The County paid \$126,000 under the agreement for the year ended November 30, 2005.

| 12/31/97 | 1,876,444 | 3,106,117 | 1,229,673 | 60.41% | 865,703 | 142.04% |
| 12/31/96 | 1,810,264 | 3,147,486 | 1,337,222 | 57.51% | 858,029 | 155.85% |
| 12/31/95 | 1,540,155 | 2,741,425 | 1,201,270 | 56.18% | 781,009 | 153.81% |

On a market value basis, the actuarial value of assets as of December 31, 2004 is \$4,143,803. On a market basis, the funded ratio would be 83.32%.

*Digest of Changes

The actuarial assumptions used to determine the actuarial accrued liability for 2004 are based on the 1999-2001 Experience Study.

The principal changes were:

- Fewer members are expected to take refunds early in their career.
- For Regular members, fewer normal and early retirements are expected to occur.

The accompanying notes are part of the financial statements.

The principal changes were:

- Fewer members are expected to take refunds early in their career.
- For Regular members, fewer normal and early retirements are expected to occur.

The accompanying notes are part of the financial statements.

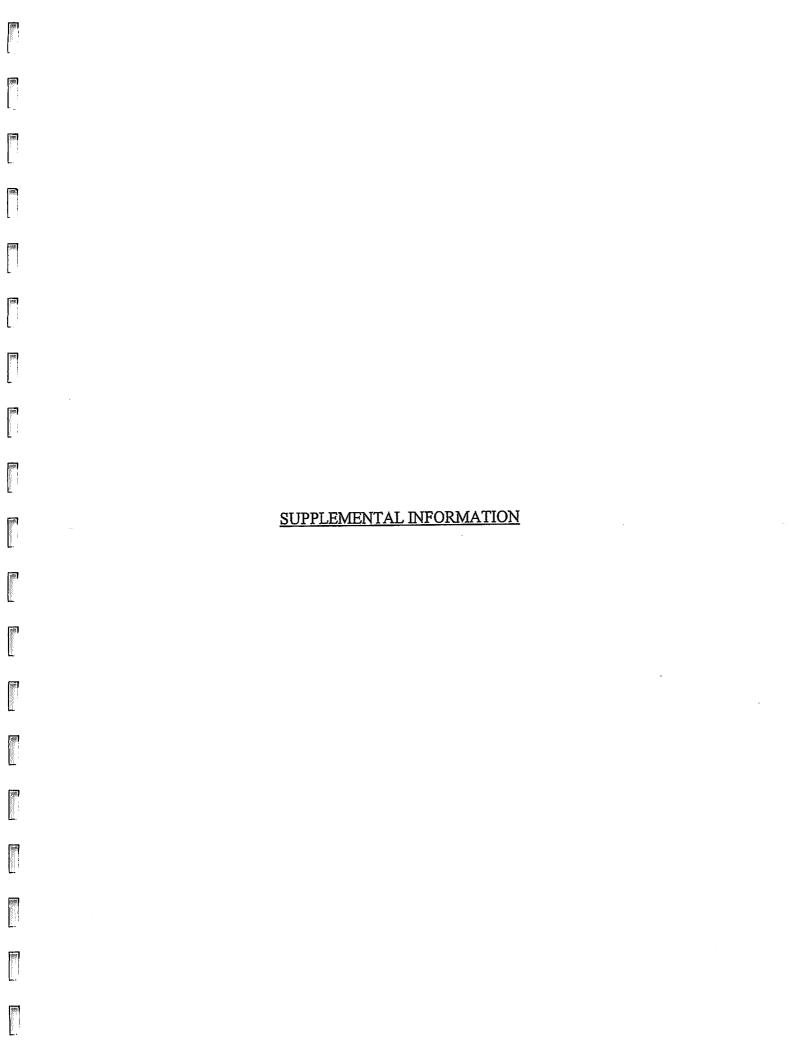

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

November 30, 2005

Budgetary Information

The County Board adopts an annual budget appropriation ordinance in accordance with Chapter 55 of the Illinois Revised Statutes. The budget covers the fiscal year ending November 30 and is prepared on the cash basis of accounting. The budgets cover the General Fund, the Special Revenue Funds and certain Agency Funds. The required statements comparing budget and actual amounts for the governmental funds include adjustments for the differences between budgetary accounting basis and accounting principles generally accepted in the United States. After adopted, the budgeted appropriations may be transferred within the same fund by two-thirds vote or may be increased by two-thirds vote to meet an immediate emergency. During fiscal year 2005, the County Board did not approve any additional budgetary amounts or transfers.

The Budgetary Comparison Schedules included in the required supplementary information present a comparison of budgetary data to actual results of operations for the General Fund and other Major Special Revenue Funds, for which an annual budget is legally adopted.
